Week 1

It was an unexpected end to last term and so we all may be feeling that we are starting this one without the closure of last term. That means teachers may need to be catch up, while at the same time starting new units of work! Let's spend some time with them in creating our positive environment whilst respecting that some students may have gone through some tough ordeals during the storms/holidays.

This is the beginning of a hectic term with NAPLAN, Sports Days, U8's day and ending in Report Cards. I look forward to working with you all this term and seeing the difference you can make in children's lives.

School Community

Big thanks to all the school community for the way they pitched in to support the school on the Monday before the cyclone. It was great to have that many hands on deck – and it certainly made a BIG difference!!

Cross Country

Due to the recent storms a number of schools are having to run their cross country carnivals this week and we will be one of them. We will get it over on the first day as it will be a chance for the community to come together and discuss the storm and how it may have affected them, their neighbours and the children.

You Can Do It – Ready Set You Can Do it

Setting goals for yourself. What do you want to achieve this term? What do the teachers want you to achieve this year?
